

Nigeria Country Brief

March 2021

Bringing evidence & people together to tackle drug resistance for a healthier world

Who We Are

The Fleming Fund is the world's single largest Official Development Assistance (ODA) investment in global AMR surveillance.

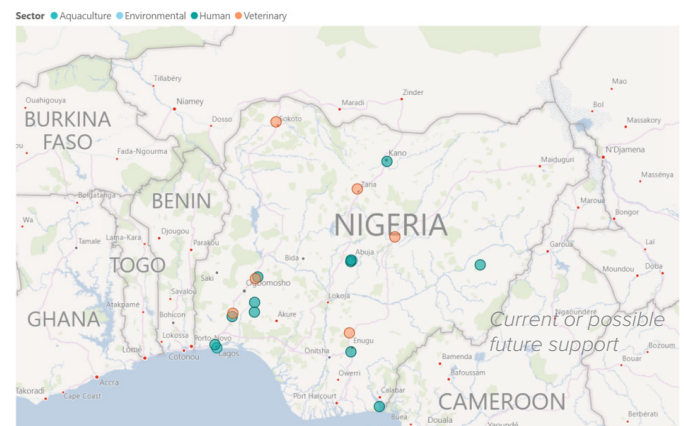

It is a £265million UK aid programme supporting up to 24 low- and middle-income countries (LMICs) to generate, share and use antimicrobial resistance (AMR) data.

The Fleming Fund is a UK Department of Health and Social Care (DHSC) programme made up of a Country and Regional Grants and Fellowships Programme managed by Mott MacDonald, and a variety of Global Projects, managed directly by DHSC.

Country Context

The AMR National Action Plan for Nigeria 2017-2022 was developed under the leadership of the Nigerian Centre for Disease Control, representing the Nigerian Federal Ministry of Health.

More information about Nigeria and its work on AMR can be found on the Fleming Fund website at: <https://www.flemingfund.org/countries/nigeria>
