

Eswatini Country Brief

March 2021

*Bringing evidence & people together
to tackle drug resistance for a
healthier world*

Country Context

Eswatini has developed a multisectoral National AMR Containment Strategic Plan (NAP) for Antimicrobial Resistance 2017 to 2021.

More information about Eswatini and its work on AMR can be found on the Fleming Fund website at: <https://www.flemingfund.org/countries/eswatini/>

Our Grants

COUNTRY GRANT

Country Grantee: ICAP
Sub-grantees: University of Eswatini, African Society of Laboratory Medicine
Value: £2,500,000
Duration: Mar 2020 – Sep 2021

The grant's objectives includes strengthening the AMRCC and improving country capacity for AMR and AMU/AMC surveillance in human and animal health.

FELLOWSHIP SCHEME

Number of fellows: 6
Host Institution: University of Oxford
Value: TBD
Duration: TBD

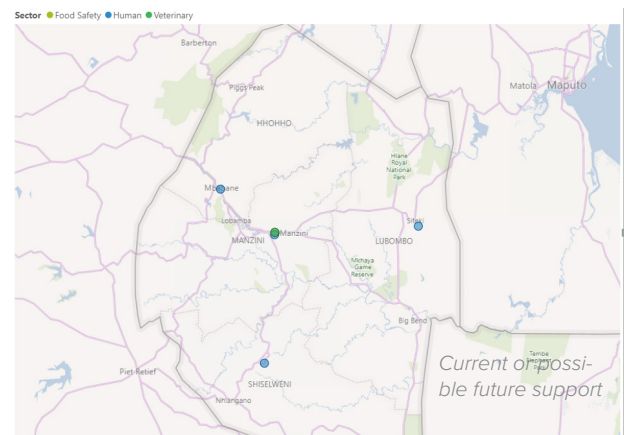

The scheme supports the professional development of senior scientists, epidemiologists and clinicians across AMR One Health disciplines.

Who We Are

The Fleming Fund is the world's single largest Official Development Assistance (ODA) investment in global AMR surveillance.

It is a £265million UK aid programme supporting up to 24 low- and middle-income countries (LMICs) to generate, share and use antimicrobial resistance (AMR) data.

The Fleming Fund is a UK Department of Health and Social Care (DHSC) programme made up of a Country and Regional Grants and Fellowships Programme managed by Mott MacDonald, and a variety of Global Projects, managed directly by DHSC.

REGIONAL GRANTS

Gathering Historical AMR Data

Grantee: African Society for Laboratory Medicine
Value: £3,159,259 (total across multiple countries)

Duration: Nov 2018 – Jul 2021

This grant supports the collection and analysis of historical AMR data across key Fleming Fund countries to provide early information for policy making.

External Quality Assurance- Africa

Grantee: African Society for Laboratory Medicine
Value: £4,511,176

Duration: Oct 2019 – Dec 2021

This grant supports the development of external quality assurance practices in laboratories around Asia which ensures confidence in laboratory testing results.

Policy, Practice & Advocacy

Grantee: International Vaccine Institute
Value: £2,715,217 (total across multiple countries)

Duration: Sep 2019 – Nov 2021

This grant supports data sharing for global AMR planning and advocacy to provide policy makers with evidence to make robust, data-based policy recommendations.

Common Surveillance Protocols

Grantee: Ending Pandemics

Value: £3,076,279 (total across multiple

countries)

Duration: Sep 2019 – Dec 2021

This grant supports the standardisation of data collection and analysis through common protocols, ensuring data across countries is comparable.

Microbiology & Epidemiology Training

Grantee: African Society for Laboratory Medicine

Value: £3,924,547 (total across multiple countries)

Duration: Oct 2019 – Sep 2021

This grant improves data sharing for global AMR planning and advocacy to provide policy makers the evidence they need to make robust, evidence-based policy recommendations.

Whole Genome Sequencing

Grantee: Denmark Technical University

Value: £4,435,181

Duration: May 2019 – Sep 2021

This grant improves establishing a regional centre for sequencing that will allow the investigation of outbreaks, unusual resistance phenotypes, or delineation of the flow of organisms/genes recommendations.

GLOBAL PROJECTS

Global Research on AMR (GRAM): This grant supports a global exercise studying the burden of AMR, run by University of Oxford.

Value: £6,200,000 (total across multiple countries)

Duration: Jan 2016 – Jun 2021

OIE Grant: This grant invests in developing One Health guidance on antimicrobial use, supports countries to feed into the global AMU animal database and helps improve awareness and understanding of AMR and alternatives to antimicrobial agents.

Value: £5,000,000 (total across multiple countries)

Duration: Jan 2016 – Mar 2021

WHO Global Grant: This grant supports countries to develop National Action Plans, training to undertake AMR use and consumptions studies and supports the adoption of the AWaRe framework and essential medicines lists.

Value: £9,900,000 (total across multiple countries)

Duration: Jan 2016 – Sept 2020

South Centre Grant: This grant builds partnerships with civil society organisations to raise awareness of AMR.

Value: £1,000,000 (total across multiple countries)

Duration: Jan 2017 – Mar 2021

2017

OIE supports Professional Veterinary Services workshop
